No.1011 D 1/52 dated 1st December 1952.

Sir,

Sub: Industries - Sericulture - Government Silk Filatures, Kollegal - standing orders - amendment - proposals submitted.

Ref: 1. G.O.No.2089 Development dated 30-5-45.
2. G.O.No.4290 Development of 3-9-47.
3. Government Memo No.113356 D.I/49-27 dated 23-4-1952.

---x---

In para 4 of the standing orders approved in the G.O. first cited, and amended subsequently in the G.O. second cited above, the strength and wages of skilled workmen have been fixed in respect of the Government Silk Filatures, Kollegal. In their Memorandum third cited, while examining the proposal for having common standing orders for all the commercial concerns and institutions of this Department, Government have observed that wages with respect to the workers of Government Silk Filatures, Kollegal are constantly varying and that it may not be suitable to specify them. Government have also pointed out that strength also is not likely to be stable and if fixed, may lead to surplus staff being maintained. In the circumstances, I was asked to state whether the rule, fixing the number of unskilled and skilled workers and the amount of daily wages admissible to them, may be deleted. I have in my letter No.1319 C 1/46 dated 27-8-1952 proposed that the number of workmen in each category of unskilled and skilled labourers and the rate of minimum and maximum wages payable to them may be sanctioned by the Director of Industries and Commerce, Madras and Government orders are awaited.

2. As Government are aware, the Silk Twisting plant, the purchase of which was sanctioned in G.O.No.3819 Development dated 19-7-38, has already been erected at Government Silk Filature and the same will be put into commission as soon as electricity is made available. As soon as the twisting plant goes into production, it will be necessary to appoint additional workers required for the various operations. I have already proposed to Government, that, 80 workmen in all will be necessary for the silk twisting section - vide item 6 of the detailed estimate sent with this office letter No.334 D 1/48 dated 17-2-48. I furnish below details of actual number of workmen required for the various operations of the silk twisting section, as soon as the plant goes into production

Class of workers. (1)	No. of workers. (2)	Rate per day (3)	Total amount per annum for 300 working days. (4)

D.A for 80 workers at Rs.16/- per month.			15,360--0--0
Total amount of wages.			28,260--0--0

3. Pending examination of the proposals on the common standing orders, I request that Government may be pleased to approve the employment in the twisting section of 80 skilled workmen at the rates of wages detailed in the above statement and to issue necessary amendment to the existing standing orders of the Government Silk Filatures, Kollegal.

Sub:- Industries - Sericulture - Govt. Silk Filatures, Kollegal - Standing Orders - Amendment - Proposals of the D.I.& C.

Ref:- From the D.I.& C Letter No.1011 D1/52 dated 1-12-1952.

In G.O.Ms.No.3819, Devt. dt. 19-7-1948, the Govt. have sanctioned the installation of a Silk twisting plant at the Govt. Silk Filatures, Kollegal. The D.I.& C. has reported that the plant has been erected and will be put into Commission as soon as electricity is made available. He has also reported that 80 Skilled workman detailed in Col(1) of the statement on p.1 c.f., will be required for working the plant. The D.I.& C. has now requested sanction of the Govt. for employment of 80 workmen in the twisting section at the rates of wages mentioned in Col.(3) of the statement on p.1 c.f..

2. The employment of skilled and unskilled workmen in the Govt. Silk Filatures, Kollegal, the minimum and maximum wages payable to them are governed by the standing orders issued in this regard. The present standing orders are at p. 11 c.f. of (L). While examinging the proposal for having common Standing orders for all commercial concerns and institutions under the Industries Deptt., it was observed that it may not be suitable to specify the wages as they are constantly varying and that the strength of the labourers is also not likely to be stable. It has therefore been proposed, in consultation with the D.I.& C. to amend the existing standing order in the following manner.

"The number of Workmen in each category of unskilled and skilled labourers and the rates of minimum and maximum wages payable to them shall be fixed by the D.I.& C. from time to time subject to the prior approval of the Govt". Attention in this connection is invited to the extract from the sectional notes

p.t.o.

from the file relating to the issue of common standing orders at (A).

Since it will take some time before the common standing orders are issued the D.I.& C. has suggested that the existing standing orders may be amended suitably so as to provide for employment of the skilled workers detailed on p. 1 c.f. and for payment of their wages.

3. The standing orders are not statutory orders. The revised standing order will be issued shortly and the D.I.& C. will have to come up to the Govt for fixing the strength and the minimum and maximum wages payable to the skilled and unskilled workers. In view of this it does not seem necessary to amend the existing standing orders now. The D.I.& C. may be permitted to employ the workers at the rates suggested by him, and all the existing standing orders as are applicable to skilled workers may be made applicable to them also. For orders. Subject to orders a draft order is submitted below for consideration. Finance may see for remarks and for acceptance of the draft order.
